

BIOTECH CHINA 2009
1 – 3 June 2009, Shanghai, P.R. China

Important Notice

Dear Exhibitors,

It has come to our attention that several of our valued exhibitors have been contacted by a Mexican firm called EXPO GUIDE. This firm has been sending out order forms for catalogue entries. Despite all appearances, please be warned that these forms are NOT from Deutsche Messe! We are writing you to make it clear that these practices have absolutely nothing to do with us or our events, and that we are in no way associated with

- **EXPO GUIDE**
- **FAIRGUIDE.COM**
- **Construct Data Verlag AG**

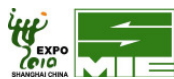

Entries in our official media can be made online via our exhibitor center with the login details, which you received together with your stand confirmation letter. Alternatively, you can order such entries using printed forms from our Exhibitor Manual, which will be sent to you on request. Please note that official Deutsche Messe/BIOTECH CHINA order forms always show our full contact details (names and telephone numbers) for the person or persons in Hannover and Shanghai who are responsible for each particular service.

If you are in any doubt concerning the correct order forms to use, please contact the [BIOTECH CHINA – Team](#).

Thank you.
